LIGHT FOREST - CUSTOM INSTALLATION

Thank you for your interest in Light Forest and Aptum. Good preparation is half the work. In order to design and make your customized Light Forest, the following is what we need to know. Please return the completed questionnaire as detailed as possible to info@aptumlighting.com.

CUSTOMERS WISHES

Please describe your wishes.

- Amount of lights (from 5 light fixtures)
- Color (pantone | NCS | sigma | RAL)
- Copper or brass hoods
- General placement and/or location of lights (above a table, in a corner, in a stairwell, etc.), other ideas about the design, complexity, general lay-out.

Please fill in:

FILES

If possible, add a CAD file, floorplan or drawing, including: placement of electricity outlets, placements of other obstacles (smoke detectors, speakers, emergency lights), ceiling height, material type (concrete, plasterboard, wood). Please don't forget to indicate your preferred unit type (metric or imperial).

PHOTOS

If possible, provide us with some images of the room. This is helpful to get an idea of the space related to the design of the light.
